

AMERICAN FEDERATION OF AVICULTURE INC

Conservation • Research • Legislative Awareness

How AFA Contributes to Research & Conservation

- ✓ Directly funds medical and husbandry research
- ✓ Supports conservation projects protecting endangered species
- ✓ Promotes cooperative breeding & population management
- ✓ Strengthens long term genetic diversity in captivity
- ✓ Reduces wild harvest by supporting responsible aviculture
- ✓ Recognized NGO participant in CITES

AFA Legislative Awareness Program

National Level

- Monitors Congressional bills & federal regulations
- Provides educational materials to lawmakers
- Works with animal policy watchdogs

State Level

- Guides breeders & clubs facing proposed regulations

Local Level

- **National/State/Local/International**
- Assists with county & municipal issues

International Level

- NGO role on CITES Animals Committee
